I Portimão Rhythmic Gymnastics FIG World CUP Series

8 | 10 September 2006

Dear gymnastics friends,

I'm honoured to have the opportunity to welcome you to the "Portimão 2006 Rhythmic Gymnastics FIG World Cup Series" in the name of the Gymnastics Federation of Portugal.

We're delighted to host for the first time a FIG World Cup Series Event and we would like to inform you that the city of Portimão already has underway all the works necessary to receive the world's best gymnasts for this prestigious competition.

The brand new "Portimão multipurpose pavilion" will be the perfect setting for rhythmic gymnasts from the entire globe to demonstrate their skills, and the city is a great place to discover the warmth of the Algarve climate, the delicious flavours of our national cuisine and the unforgettable friendliness of Portuguese people.

This new event is for the gymnasts and about the gymnasts. We're sure that this edition will leave some great memories especially because of the fact that it will be held alongside the 20th Edition of the Portimão RG Junior International Tournament! What a great way to celebrate this memorable occasion what a greater gift for the youngest gymnasts that visit us every year, than to give them the chance to be near the world best rhythmic gymnasts.

I'll be looking forward to seeing you soon for the Portimão 2006 Rhythmic Gymnastics FIG World Cup Series!

Manuel Boa de Jesus
President of the Gymnastics Federation of Portugal

Brand New Hall

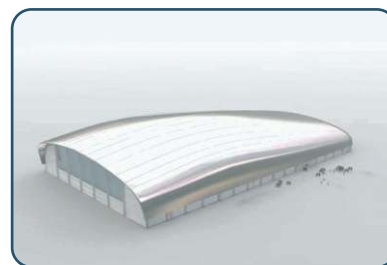

XX Edition will be held in a brand new hall in Portimão

The first edition of the RG Portimão FIG World Cup Series, will be held in a Brand New Hall located in the west part of the city of Portimão.

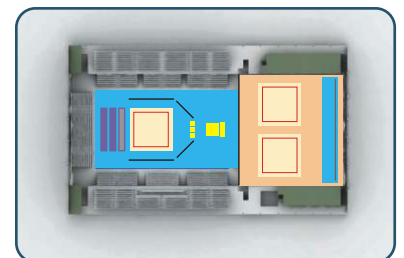

The RG competition will have the honour to be the first event to take place in this modern sports complex and exposition center, with a capacity to 4.000 seated persons.

This complex with a height of 18 meters and 100 meters long will be for sure a reference in the world circuit of the FIG WC series.

The pictures will guide you into the New Hall of Portimão.

FIG awarded Portimão with a World Cup

This year will be a mark in the organization, receiving for the first time an edition of the FIG WC Series. Among all the countries that normally take part in our International Tournament, the expectation for this year's event is enormous as we can confirm through the large number of contacts asking if there will be Portimão in 2006.

And the answer is YES...

Last Year Winners

Last year's edition of the tournament has been truly amazing with the participation of some of the best gymnasts in the RG circuit.

Aliya Yussupova the great winner of the competition took the all around title and the four apparatus gold medals.

Svetlana Putintseva was a great revelation from the Russian team taking the silver medal in the all around competition.

In third place the elegant and the Queen of the Spanish team, Almudena Cid who delighted the audience with originality and sympathy at all times.

In the Juniors Groups competition the great winner was the Belarus team, with great combinations and speed, later on the EC in Moscow, the winner of the European Title.

ALGARVE

The sunniest spot in Europe

Wherever you look, the colours of the mountains and sea are always with you, creating the impression of a water-colour dotted with highlights of gold, green and blue.

The region is an extensive and pleasant one, with a Mediterranean climate, marked by the smell of the sea, the flavours of his typical foods and by the excitement of the region's most popular night-spots.

In a land of fishermen residing on the fringes of the Atlantic, discovering the extent of the Algarve's range is a pleasure for anyone visiting the region.
